

Dickson Kipketer

Software Engineer

Phone: 0722307764

Address: P.O. Box 28198, Nairobi 00200

Email: dkklimo@gmail.com

Interested in the role of a Software Engineer where I can contribute my analytical skills and knowledge acquired by pursuing my degree in Computer Science. Looking for a dynamic and progressive company where my skills are utilized in the maximum way possible.

EXPERIENCE

Molars Dental Practice & The Wealthsmith Limited

September 2021 - To date

Web Developer

Brand management

- Develop a virtually interesting and eye-catching website that existing and prospective customers will be interested in navigating
- Ensure user-friendly designs on the website that encourage traffic of both advanced users as well as beginners
- Support the writing of content that encourages traffic and enhances customer interest in the company and its products
- Proactively and creatively ensure the company's website functionality on all browsers thus enhancing the flow of traffic.
- Maintain the responsiveness of the website to the various incorporated commands and links thus enhancing customer interest and satisfaction

System Management

- write well designed, testable, efficient code by using best software development practices
- create a website layout/user interface by using standard HTML/CSS practices, creatively ensuring enhanced customer satisfaction by ensuring clarity and visibility
- Integrate data from different backend services and databases
- Gather and refine concepts, specifications, and requirements based on technical needs
- Create and maintain software documentation
- Be responsible for maintaining, expanding, and scaling the company website
- Advise team members on emerging technologies and apply in company operation.
- Match visual design intent to support capturing target audience effectively
- conduct keyword research and use SEO guidelines to optimize content
- Measure web traffic content.
